Rising higher

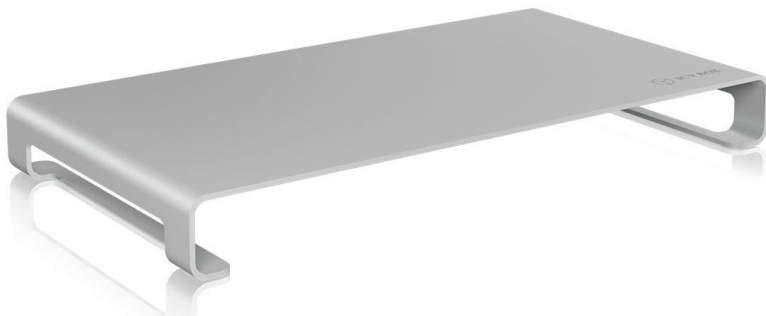

This laptop or screen stand makes using your notebook more comfortable. The stand is made of lightweight aluminium and raises your screen or notebook about 4 cm higher than your desk. This can allow for a more comfortable head position when looking at a screen or for more comfortable typing when using a notebook. Additionally, the area below the stand can be used to store further equipment, like a dockingstation or a small keyboard.

Modern aluminium design

With its modern and decent design, the IB-LS200-LH fits in everywhere. The perfect addition for a more ergonomic and healthy workplace.

Clean cable management

The 3 mm strong aluminium holds weights of up to 14 kg, so you are able to place a variety of common devices onto the stand, e.g. monitor, notebook, projector or the like. The cut-outs on both sides give the opportunity for tidy cable management.

Store it!

And keep your desk tidy. The special design allows you to use the space beneath the riser. Keyboards or other equipment with a width of up to 340 mm can be stored easily.
