Colour	Black
Material	Steel / plastic / aluminium alloy
Maximum size of monitor	32" (81 cm)

Number of monitors	2
Max weight arm total	8 kg / monitor
VESA® - Swivel (Hinge)	+/- 15° horizontal
VESA® - Tilt (Hinge)	+/- 15° vertical
VESA® - Rotate (Pivot)	360° vertical
Base - Rotate (Pivot)	360° horizontal
Mounting	Full metal base

Torque adjustment

Easy mount adjustment

Cable management and height adjustment

ICY BOX **IB-MS606B-T**

Full metal holder for two screens with size up to 32" with a free standing base

Slim and ergonomically designed

The stand for two monitors, each with a maximum screen size of 32" (screen diagonal: 81 cm, max 8 kg per monitor) is made entirely of high quality steel and an aluminum alloy and provides very high stability. The design has also been taken to ensure that it doesn't take up too much space on the table, and that the use of screens is ergonomically.

For optimal order...

At work or at home on your PC, the monitor holder has a Easy Cable™ cable guide on the back. In order to balance the weights of different weighted screens well, a Smart Torque Adjust™ torque adjustment ensures that each VESA® mount is stable.

User-friendly orientation

The various components of the mount can be rotated in different angles up to 360°. It also has the ability to shift the entire screen mount to the left or right, or direct the screens with an inclination angle of up to 15° depending on your own wishes.
