ICY BOX **IB-TV1001-W**

Wall bracket for a TV size of 23" to 65" screen diagonal

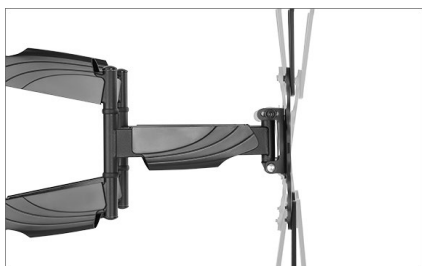

Extremely stable

The IB-TV1001-W is suitable for increased weight absorption of up to 45 kg due to its double-arm version and compression hinges, even with the arm extended to the maximum. Each bracket is tested at 3 times the maximum weight to ensure the safety of your TV.

Under cover

The clever cable management system for concealed and secure cable routing makes adjustment of the wall bracket a child's play. No trapping or drooping cables or chaotic cable tangles.

Maximum flexibility

Discreetly extended and moved directly to the wall at a distance of 51 mm or up to 510 mm, this wall mount allows a variety of orientations and viewing positions to minimize disturbing glare and reflections or to optimize the seating position.
